Torcello ceramic carafe

The three lobe sided Torcello recalls a classic model produced in glass in the Murano kilns in Venice. The shape reminds us of the well known three cornered Venetian hat.

The ceramic items with the TUTTOATTACCATO valuable finish come supplied in elegant black boxes with the label stamped in silver. Your jug comes in a bubble wrap bag. There is a guarantee for each hand made item created by an expert craftsman with washing instructions included.

A cotton glove comes with the order so that each item can be handled and cleaned without leaving fingerprints.
